(1008 Names of Sri Maha Vishnu)

Every name of Sri Vishnu has a meaning to it; quite apart - the phonetic vibrations by chanting each name known as "Nama" and the chain of names known as "Namavali" produce fantastic results of vibrations that are very essential for human's knowledge and wisdom. Phonetic sound vibrations create to the chanter or to the one who hears it.

Devotees will be free from all sorrows by chanting the thousand names of the all-pervading supreme being Vishnu, who is the master of universe, supreme over the devas and who is one with Brahma.
